Most of us have seen end-of-year highlight videos for sports and entertainment. Join Public Access Television at the Iowa City Public Library to learn how to make a 2018 highlight reel that's all about YOU! Bring in your favorite videos and photos that you captured on your phone or camera throughout 2018. We'll show you how to edit these clips into one engaging video that looks back on your year, recapping everything you cherish about 2018. In addition to being a fun exercise that gives an introduction to editing on Adobe Premiere Pro, you can share your finished video as a virtual holiday card through social media or email.
